# My Concierge Program

I offer a concierge program for those patients interested in a greater focus on wellness and prevention. Membership includes a comprehensive annual screening physical, dedicated time for participants and my personal cell number for emergency contact.

Both older and younger patients alike have been enthusiastic about the convenience and personalized service of the concierge program. My patients have appreciated punctual and unhurried visits. They value the time I have taken on the telephone with them and with their families. Travelers, business professionals and students have given me high marks for service provided by telephone when they have been far from home. Whether you are completely healthy or have medical conditions, there is no better investment than in your health. A physician who really knows you and is there for you is key to the excellent and convenient care you deserve.

The annual membership fee for the program is currently \$1,800 and can be made payable via credit card, check or automatic deduction. There are easy payment plans available, as well. For details please call Concierge Choice Physicians at (877) 888-5565.

## Proactive and Preventive Care

The program is dedicated to proactive, preventive care that is convenient and comforting. Membership is limited. During concierge hours, I see one or two patients per hour and will deliver an annual preventive screening physical examination and follow-up care.

As a result, regular appointments are available same day or next day. The advantage for members is more personal time with me for your medical care; more time for advice, advocacy and emotional support; and more time to help you manage all of your health care needs.

## Enhanced Coordination of Referrals

What happens to you medically outside the office is as important to me and my staff as it is to you. We will help you coordinate your specialty care and diagnostic needs. Not only can we help schedule these services, but we will follow up to get the results quickly and review them with you. When needed we will help you with specialist appointments.

# Concierge Program Benefits

Every patient in my Concierge Choice Program receives an annual comprehensive physical examination that will help us create a wellness plan for you based on your individual needs. It includes elements that go beyond what regular physicals contain.

## Summary of Program Benefits:

- > A comprehensive physical examination including: a full lab panel, electrocardiogram, comprehensive review of present and past medical history, assessment of risk factors, review of systems, update and review of family history, update and review of allergy and medication list and review of social history
- > No more than 2 appointments per hour during concierge time
- > Same day or next day appointments
- > Direct availability to me 24/7 via cell phone or email
- > Extended office visits for both the physical and any follow-up appointments
- > Physician-to-physician coordination of specialty referrals
- > Physician availability 24/7 by personal cell phone
- > Dedicated office phone number
- > Insurance claim facilitation
- > CCP Medical Profile Device– an electronic device for carrying your medical information
- > Program benefits at no additional charge for children of member parents

# MAKE YOUR HEALTH TOP PRIORITY

What do you most love to do? Travel? Spend time with your children or grandchildren? Play golf? Without good health, energy, and peace of mind, it is impossible to truly enjoy all the activities that you love. Make an investment in your health and you can better enjoy all the other aspects of your life. A concierge physician who knows you and is always there for you is the key to the excellent care you deserve. I can take time to sort out complicated problems and can be your advocate when you need a specialist.

.....

## CCP Medical Profile Device

Members are provided a small USB memory stick with proprietary software that will contain a copy of important medical information, including a copy of your annual physical, a list of medications and allergies, copies of laboratory results, diagnostic reports and whatever information that could be extremely valuable in case of an emergency. The CCP Medical Profile Device is the size of a small package of gum and can be updated each time you come to my office.

.....

Membership is limited. When you enroll, your membership is activated at the beginning of the month. Please let me know if I can personally answer any questions you have about the program. You may also reach Concierge Choice Physicians at (877) 888-5565 with any questions that you may have regarding my program.

# Here's what patients like you are saying about the **CONCIERGE PROGRAM**

---

---

*"Program only improves the excellent service."*

*"The staff is fabulous. He has already done more than  
any other doctor."*

*"I have never had this level of care from the medical  
service industry. A+. Not only is the doctor excellent but  
the entire office staff is great."*

*"Service is excellent. Professional, ethical and efficient.  
Thank you for this service."*

*"The staff is friendly, courteous, supportive. I could not ask  
for more in my healthcare; all questions are answered in  
detail to my complete understanding."*
